AMENDMENT UNDER 37 CFR 1.111**Mail Stop Amendment**

The Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Sir:

In response to the office action dated February 19, 2009, the applicant submits the following responsive amendment in the above-identified application. This amendment is considered to place the application in better condition for allowance. No fee is believed to be required with this amendment, but, if this is not the case, please charge the requisite fee (or credit any overpayment) to Deposit Account No. 12-0400.

Amendments to the Specification begin on page 2 of this paper.

Amendments to the Claims are reflected in the listing of claims, which begins on page 3 of this paper.

Remarks/Arguments begin on page 7 of this paper.

Amendments To The Specification

Please replace the title of the invention in the specification page 1, line 1
with the following amended title:

A ~~MEHTOD~~ METHOD FOR REALIZING METERING PULSE IN NGN

Please replace paragraph [0006] in the specification page 2, lines 5-9 with
the following amended paragraph:

Fig.1 shows the networking mode of an MG and an MGC in the NGN. As shown, a protocol network 1 is a transport network for all protocols, a media gateway controller 10 interfaces with a media gateway 11 via a media gateway control protocol 110, and the media gateway controller 10 interfaces with a media ~~gateway 121~~ gateway 12 via a media gateway control protocol 120.
